

China RoHS: Overview & Best Practices

Understanding and complying with China's RoHS Regulations

Attention: on March 1, 2007, China's Administrative Measures on the Control of Pollution Caused by Electronic Information Products (China RoHS) will take effect! At that time, marking and material disclosure must be in place on products sold in China. This webinar will provide an overview of these regulations, as well as what steps US companies can take to comply.

Webinar Details

Date: Thursday January 11, 2007
Time: 2pm EDT, 11am PDT
Location: Your Office or Home Computer
Duration: 1 hour 20 min

Agenda Topics:

- China RoHS: An Overview
- RoHS: A Global Perspective
- Steps for US Companies to Comply
- ITA Capacity-Building programs
- Q&A

Speakers:

- *Jon Boyens* – ITA's Standards Coordinator for Manufacturing Industries
- *Anne Davidson* – formerly of the Solectron Corporation
- *Ken Rivlin, Esq.* – Allen & Overy, LLP
- *Jenny May* – International Trade Specialist, ITA's Office of the China Economic Area

Powerpoint presentations and a list of FAQ's will be made available following the webinar.

Highlights

- Marking and labeling requirements will go into effect on March 1, 2007.
- Unlike the EU, China does not permit "self declaration" by the exporter.
- Material restrictions will go into effect at a later date. The date and extent of these restrictions will be defined in a "catalogue".
